

ActiveFORMS

Electronic Forms & Digital Transformation

Electronic forms, specific to the patient visit, are instantly delivered wherever a patient presents. No more guesswork, pre-printed forms or the need to print and stage documents ahead of time. Change forms on-the-fly and update your library without the waste or repurposing costs from your old forms.

The Right Documentation. Every Time.

- ✓ Eliminate pre-printed forms
- ✓ Automate form selection, generation, and delivery
- ✓ Go *paperless* using electronic signatures
- ✓ Enterprise-wide print on demand
- ✓ Registrars don't have to memorize selection criteria
- ✓ Ensure consistent documentation standards
- ✓ Publish new forms and revisions in real-time
- ✓ Reduce waste and storage costs
- ✓ Add *bedside registration* to improve patient satisfaction
- ✓ Use barcodes to streamline capture and improve accuracy
- ✓ Transform legacy reports into user-friendly documents

Increase Accuracy & Patient Safety

"[ActiveFORMS] is really easy to use for our customers and makes them happy. It has become invaluable - the staff can't live without it."

"HealthWare Systems provides really good support on every level I've never seen a vendor be so responsive so quickly. I give them an A-plus!"
